

This declaration must be signed by individuals practicing or trained to practice a profession or trade which corresponds in Quebec to one of the following regulated profession or trade:

- Professions governed by a professional order (**if you are physician, consult and sign the Declaration by a graduate of a medical school outside of Canada and the United States**);
- Regulated trades in the construction industry (governed by the Commission de la construction du Québec);
- Vocational qualifications regulated by Emploi-Québec (“regulated trades outside the construction industry”);
- Professions in financial sector (governed by the Autorité des marchés financier).

Please refer to the list of professions and trades appearing on the back to check if you need to sign this declaration.

I, the undersigned, _____,
Name of the candidate

a _____ by profession or training,
Profession or trade

hereby declare that I have taken note of the requirements for obtaining the permit or the certification that will authorize me to practise my profession or trade in Québec. Fact sheets providing information on those requirements can be found on the following website: www.immigration-quebec.gouv.qc.ca/en/employment/regulated-professions/index.html.

I understand that:

- obtaining a Québec Selection Certificate (CSQ) does not in any way guarantee that I will be authorized to practise my profession or trade in Québec;
- in order to practise my profession or trade in Québec, or to use a reserved professional title, I must obtain a permit or certification from the regulatory body that governs the practice of my profession or trade in Québec;
- in order to obtain this permit or certification, I must submit to the requirements established by this body, and that I may not meet these requirements or may only partially meet them;
- the degree earned in my country or in another country, or the permit or certification issued in my country or in another country or in another Canadian province or territory, does not automatically give me the right to practise my profession or trade in Québec;
- I may have difficulty obtaining access to bridge training in order to meet the standards established by this regulatory body in order to eventually obtain the right to practise my profession or trade in Québec;
- in order to practise a profession governed by a professional order in Québec, I must have an appropriate level of knowledge of the French language, pursuant to Article 35 of the Charter of the French Language;
- as soon as possible, I must contact the regulatory body that governs the practice of my profession or trade in Québec if I intend to practise my profession or trade in Québec.

Signed in _____ on _____
City Date

Applicant's signature

Please sign the original and return it with your application. Keep a copy for your records.
